

Make it Simple. Make a Connection. Truly Collaborate.

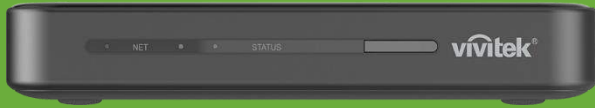

NovoPRO

Wireless Presentation and Collaboration System

LIBERATE
YOUR CLASSROOM

PowerUpEDU 888.517.3824

The NovoPRO

NovoPRO is a wireless presentation and collaboration system designed to support highly interactive and collaborative classroom learning activities. Teachers and students can interact and share digital content via their PCs, tablets, and smartphones.

NovoPRO is also a BYOD solution, supporting all major mobile devices, including Chromebooks. True screen mirroring from iPad, iPhone, and Android devices are supported.

NovoPRO features screen preview, 4-to-1 projection, video streaming, instant response system (IRS), file sharing, and access to cloud-based resources. This full HD system enables teachers to effectively direct classroom activities, track individual progress, and encourage personalized learning, all while promoting cooperation and collaboration in a digital educational environment.

Key Features

Supports Classroom Activities in the Digital Era

Multi-Platform, Wireless Presentation System:

Windows / Mac PCs
Chromebooks

iPhones / iPads
Android Phones / Tablets

True Android / iOS Screen Mirroring

Easy QR Code Login

Connect up to 64 Students

Integrate Online Resources

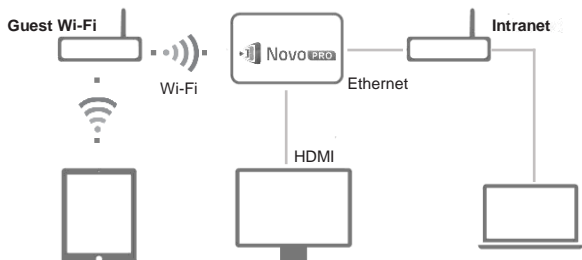

Display 1080p Content at 60 FPS Smooth Video

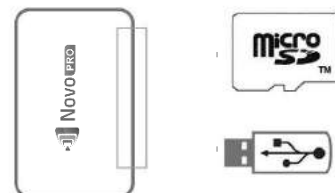

4K Available Using a microSD Card Only

Dual-Network Support

Present without a PC

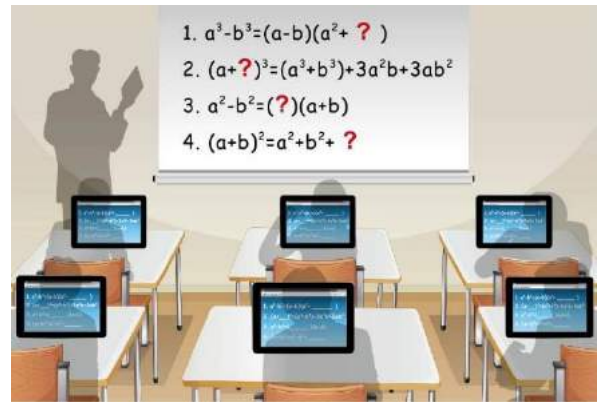

Puts Teachers in Control of Classroom Activities

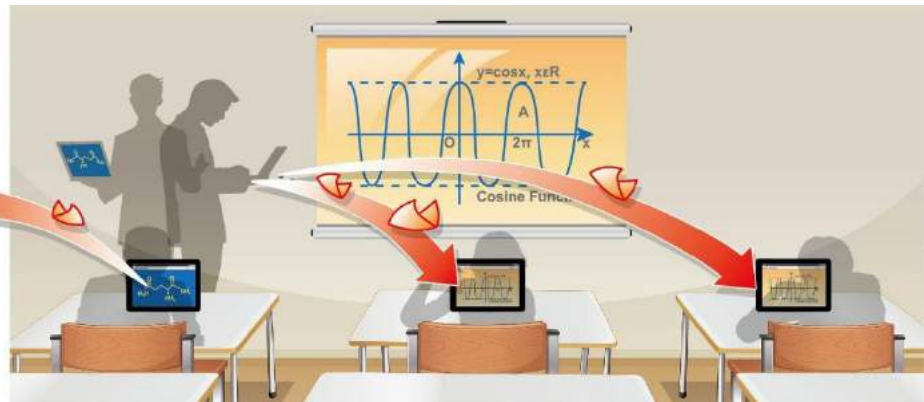

Lock and Unlock Student Mobile Devices
Preview Student Screen

Monitor Individual Progress with Polling / Voting

Wireless File Sharing

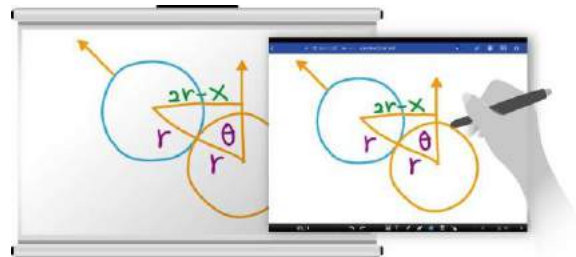

Encourages Teamwork and Supports Personalized Learning

Display up to Four Windows Simultaneously on One Screen

Virtual Whiteboard Using Tablets

On-Screen Annotation Mark-up and Distribution

Optional Feature: The Launcher

- A USB-Connected Device with Software Preloaded
- Simply Click to Display the Computer Screen
- A True Plug-n-Play-n-Display Solution
