

Promethean Chromebox	ActivConnect OPS-G	OPS-M	ActivConnect G
Overview	Overview	Overview	Overview
The Promethean Chromebox is the perfect solution for extending an existing Chrome OS ecosystem to the ActivPanel Elements series, providing certified and seamless access to preferred apps from the Google Play Store. View and launch Chromebox apps directly from the Locker in the Unified Menu with one-click access and no need for source switching.	The Android™ Module creates a tablet-like experience on the ActivPanel™ and ActivPanel i-Series. It puts the digital world at your fingertips with access to apps, content, mirroring, and more.	Promethean's OPS-M is a Windows® Module that is purpose-built for schools using the Microsoft® ecosystem. Slot the Windows Module directly into the ActivPanel™ v6 or ActivPanel i-Series for a seamless, all-in-one, large format Windows experience.	ActivConnect G is an external Android Module that gives the ActivPanel™ v6 & ActivPanel i-Series tablet-like capabilities. It puts the digital world at your fingertips with access to apps, content, mirroring, and more.
