

Cha-me-le-on

:one that is subject to quick or frequent change especially in appearance

Chameleon
classroom system

Offered With:

The Chameleon Classroom System is a game changer for classrooms across America! Now classrooms can be designed using our mobile pod system to create customized seating and storage for any grade level. Pod configurations that are designed in two or three seat increments, allows students to have individual storage space, and teachers have the freedom to quickly and easily change their teaching styles from lecture hall to collaborative groups of all sizes, to testing centers, and so much more. *And it doesn't stop there!* This same pod system can be used to design endless mobile storage configurations and can also be used as wall cabinetry. The Chameleon Classroom System brings a classroom together. It not only gives teachers the ability to teach according to their style, but it eliminates clutter and lack of space to bring a harmonious atmosphere where children can thrive!
