

Robotics Bumper Kit

Our all new robotics bumper kit is an easy to use, low cost way to save your school's investment for all types of robots! The Robotics Bumper Kit can quickly be added to any new or existing IDEA Island, ED Table or select Brainstorm Workbenches to create a safe barrier from your robots making their way to the floor.

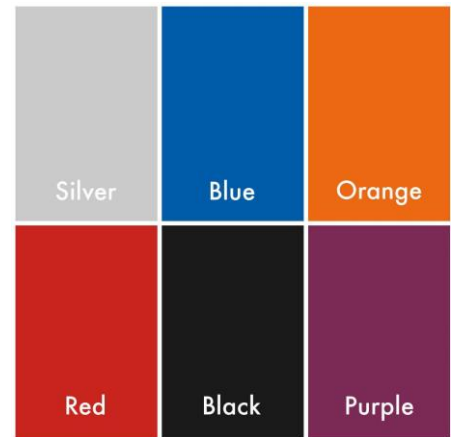

Fits Top Sizes:
42x72
42x84
48x84

Easy On, Easy Off!

10 piece kit comes with:
4 corner pieces
(color of your choice)
4 polycarbonate side rails
2 side support clamps

Side Support Clamp

Corner Support & Magnet Connection

*Robotics Bumper Kit
Shown on Idea Island, but compatible with ED Tables & select
Brainstorm Workbenches of 42x72 & 42x84
Metal corner pieces slide onto table corners and polycarbonate
sides nest into corners and attach by magnets. Two side
clamps also attach to the 72L or 84L sides of table for
additional support.*
